

DECLARATION OF COMPLIANCE EU Reg nr 852/2004, 2073/2005 and 178/2002

I hereby declare that

“De Natuurapotheek”
Weteringweg 14
2641 KM PIJNACKER NL

Operates with a HACCP system according EU reg 852/2004 in which microbiological criteria of EU reg 2073/2005 and aspects regarding food safety, mentioned in EU reg 178/2002 are implemented.

The products of “De Natuurapotheek” comply with all the requirements for these products within NL and EU.

The seven key points of the HACCP system are:

- Inventory of all potential hazards.
- Set critical management points (CCPs), the points in the process where the risk can be prevented or restricted
- Enter of critical limits per CCP.
- Determination of how the CCPs will be monitored.
- Set by CCP the corrective actions that should lead to security recovery.
- Apply Verification - A periodic check to see if the HACCP approach works well.
- Keep documentation and registrations - record what is adapted and how.

This declaration is specifically for the products “Food supplements” which are accepted as such by the Dutch Food Safety Authorities.

As an independent consultant I conduct the procedures “Verification and Internal Audit for this range of products” and can say “De Natuurapotheek” meets all points of HACCP.

Emmen, 25 September 2017
